2019-2020 Practice – Round 2

Quotes and Keywords

QUOTES:

1. “Agriculture changes the landscape more than anything else we do. It alters the composition of species. We don't realize it when we sit down to eat, but that is our most profound engagement with the rest of nature.” - Michael Pollan
2. “We have to bring children into a new relationship to food that connects them to culture and agriculture.” - Alice Waters
3. “Industrial agriculture freed many people to pursue lives their parents and grandparents could never have. It made America modern.” - Michael Specter
4. “We're still here trying to get the word out that 330 farmers are quitting every week.” - Willie Nelson
5. “The most powerful leadership tool you have is your own personal example.” - John Wooden
6. “That which is measured improves. That which is measured and reported improves exponentially.” - Karl Pearson
