250 Total FFA points needed per Semester:

The grading will be based upon these activities and some other not listed. These points will be earned per semester: Fall & Spring.

The grade percentage of 25% is calculated in the Q grade book. It is your responsibility to keep track of your participation, sign up for activities, and check your FFA points on the FFA Chart daily.

Any activities students do not show up for or participate in and you signed up for, Mr. Flores will deduct those points. Be responsible, we are counting on you!
