Students who plan to take advantage of the opportunity to raise a livestock project with Santa Paula FFA are required to attend the meetings and practices as stated in the livestock agreement and in order to meet the Ventura County Fair participation guidelines.

You were a "no show" on _____

"Strikes" are a way to document potential "patterns" of not meeting your responsibilities, and if you were not able to attend, "1 strike" will not affect your opportunity to continue. Recognize that you are being held accountable and if you have future conflicts, you need to communicate in advance to you advisor so he and the other students are aware of the situation.

If you receive a fifth strike or more, you will forfeit your privilege of showing at the fair and/or raise an animal for the following year.

***If you have exceeded the number of days, you have until July 27 to make the days up during the weigh-in or showmanship times only in order to attend the fair.**

Please have your parent sign this form and return it to your project advisor. If you have any questions or need clarification, please contact your project advisor.
